 TOURING SMILES

Who pulled Vasco da Gama to Kozhikode (Calicut) ? - Our story.

Perhaps the most memorable days in everyone's life are those touring days. It's satisfying to travel as we desire to and distressing to limit yourself to the tour designed by others without keeping you in mind. It will be a wonderful experience to travel with someone passionate about it and are friendly at heart. This is our story.

We, a husband and wife duo, the promoters of Sego Tours hail from Ernakulam district in central Kerala. In our early thirties, as part of teaching career, we settled in Kozhikode in Northern Kerala. Accompanying students in their study tours was part of our job. We had a special taste for travel, we toured across India and conducted many tours for others. Touring is our passion.

Presently we live in Thiruvananthapuram, the State capital of Kerala; but the friendliness of the people of Kozhikode is fresh in our memories. It had made such an impact on us that when we decided to brand our tour operations, we wanted it to be based on friendliness. It is there in everything they do; be it in offering a cup of tea or in serving a delicious biriyani or in playing football. This explains why Kozhikode is a hub of people speaking different languages like Hindi, Gujarati, Arabic, English etc. It is only natural that Kozhikode is the hometown of the renowned novelist and travelogue writer S.K. Pottakkatt. We feel that it was the people of Kozhikode who pulled Vasco da Gama to the shores of Kappad. We delight every customer with our friendly services and attention to finer details. We love to spread the friendliness of Kozhikode to all our customers through our dedicated services. Sego Tours is founded and firmly based on the concept of friendliness.

Why we

You get the most out of your money by availing of our services as it is our greatest priority to provide you the best services available. We get the best rates from our service partners and share its benefits with our customers.

OUR VISION

To become a tour operator of choice, by delighting customers with holidays they cherish, by engaging service providers through mutually enriching long-term partnerships, by empowering employees to be perfect hosts every time, and by practicing responsible tourism by conserving the nature and heritage for future generations.
